

Expectations in class:

1. On time, ready to work (with textbook, materials, etc.)
2. Homework will be assigned. These assignments are to be completed on time, neatly, and fully.
3. If you miss a test, quiz, portfolio problem, etc. you will be expected to make it up on the day you return.
4. Tests can be retaken. You will have one week to retake a test after the original has been returned to you. You are required to come and see me before or after school before retaking the test so that we can go over the material.
5. Respect everyone in the classroom by keeping language and comments appropriate. Respect others' right to talk without being interrupted.
6. Respect the materials used in the classroom.
7. The tardy policy is outlined in the student handbook—3rd results in a detention. 6th results in administrative referral and lunch detentions. Parental contact will be included in this policy.
8. Food and drink are OK to be brought into the classroom. You CANNOT visit the cafeteria or store after the block begins.

Grading:

Your grade is calculated from the points accumulated on tests, quizzes, homework, portfolios, local assessments, and class participation. This is 80% of your grade. The final exam is the other 20%.

My goal is to help you meet with success in this course. I will be available almost every day both before and after school. Please come talk to me about any problems and we can find a solution. I look forward to a great year.
