

Calligraphy and Black and White Photography Great Expectations

Regarding coursework, class work, grading and general behavior:

Student Behavior

1. Bring a pencil and pens(for calligraphy & photography) to every class.
2. Bring your notebook to class when appropriate.
3. Bring a positive attitude toward teaching and learning
4. Students and teachers are to respect the opinions and the work of others.

Grading

Your work will be graded on effort, quality(demonstration of skill), craftsmanship(neatness does count), and meeting deadlines.

Regarding deadlines and due dates:

1. Due dates for project work are printed in the roster book grading page or your assignment sheets or both.
2. A grade of "0" will be given if the assigned work is not handed in on a due date. *If the project work is completed* by the end of class on the day before I assign quarterly and final exam projects, it will be graded without prejudice and averaged into your cumulative grade.

Homework and Class work

When a project is assigned, please do it with gusto. Give it your best shot. There is no homework assigned. There is only project work assigned. *When* you do it is dependent on your own time and management skills.

General Expectations

I expect excellence of effort and a variety of outcomes. You should expect excellence form yourself in all the work you do in these classes. **Because you can** do it!
